TILBURY/1 Leak

REF: DIR 18204

1. The information transmitted in the reference about the leak to the press of TILBURY/1's arrival was appreciated. The Station had previously learned of the leak, but was not in a position of discussing it with TILBURY for fear of identifying the source. It will now be possible to try to get to the bottom of the leak.
2. [] reported to [] that he had heard about a courier whose time of arrival corresponded with TILBURY/1. [] had been told this information confidentially by Identity A, who in turn had received it from TILBURY. [] did not know TILBURY/1's name, but he did know that he had been successfully infiltrated. The information in the reference indicates that news of TILBURY/1's exfiltration is very wide spread in the emigration. [] was informed of TIMCLAD's story during his visit to Stockholm.
